

# *Suwit Blinds*

## VENETIAN BLINDS

Important note. The size you order is the size you get.

Deduction guidelines:

Width	-10mm
Drop	-7mm
Width deduction between blinds	- 5mm
Recommended add on for face/top fix/wall mount per blind	+100mm width and drop

## ROLLER BLINDS

Important note. The size you order is the size you get.

Deduction guidelines:

Width	-3-5mm
Drop	-3mm
Width deduction between blinds	- 5mm
Recommended add on for face/top fix/wall mount per blind	+150mm width and +100 drop
When ordering a roller blind, the width that will be manufactured is the 'bracket to bracket' size. The actual fabric of the roller blind will be 35mm smaller than the size ordered. The gaps on the blind will be 20mm on the control/chain side and 15mm on the non/pin control side.	

## Opening Measurements
